## INTRODUCTION

Conference "Management and Safety - M&S" reached 14<sup>th</sup> edition due to loyal authors and participants and hereby joined the rank of successful traditional and international scientific and professional conferences.

The conference has a successful history, and a promising future: human, social and economic aspects of safety, the constant emergence of new risks, and thus the need for effective and preventive measures and forms of protection, and, above all, the need for international cooperation in research and development of safety management.

Since the first conference held 2006<sup>th</sup> year (M&S 2006) to the 13<sup>th</sup> Conference (M&S 2018) gathered a total of 2,034 authors and participants: presented a total of 619 papers, which were reviewed and categorized as scientific and professional papers published in full in the proceedings of a total of 6,369 pages.

In the last years by the program cycle: "Basic functions of management and safety" (M&S 2010 - M&S 2014) conferences topics were: "Planning and safety", "Organization and safety", "Human resources management and safety", "Leading and safety" and "Controlling and safety". That program cycle presented relationship between safety and basic functions of management, thoroughly and in a unique way in global terms of the profession and science of management and safety. Previously, conferences topics were "Integrated management system and safety" (M&S 2008), "Crisis management and safety" (M&S 2009).

A new five-year program cycle of conference titled "Modern concepts of management and safety" determined with the annual topics: "Stress management and safety" (M&S 2015), "Sustainable development and safety" (M&S 2016), "Knowledge management and safety" (M&S 2017), "Project management and safety" (M&S 2018) and Process management and Safety" (M&S 2019). Those themes are a challenge for an international cooperation on scientific research and development projects, solving problems and providing models of synergy of modern concepts of management and safety of people, property and environment.

14<sup>th</sup> International Conference "Management and Safety - M&S 2019" has the current topic "Process management and safety".

## DATE AND PLACE

**Friday and Saturday, June 7th and 8th, 2019**

### **Budva, Montenegro**

Budva is a Montenegrin town on the Adriatic Sea. It has around 14,000 inhabitants, and it is the centre of Budva Municipality. The coastal area around Budva, called the Budva riviera, is the center of Montenegrin tourism, known for its well-preserved medieval walled city, sandy beaches and diverse nightlife. Budva is 2,500 years old, which makes it one of the oldest settlements on the Adriatic coast.

### **Hotel Tre Canne, Budva**

<https://www.treccanne.me>

In the heart of Budva, just 50 meters from beautiful sandy beach and 200 meters from the old town & luxury yachts marina you will find seducing paradise - Hotel Tre Canne.

Magnificent view from all our spacious & modern apartments, panoramic SPA center on 15th floor and restaurant on hotel rooftop guarantee unforgettable vacation during whole year.

Being a symbol of modern architecture and a major landmark and characteristic of Budva, the first encounter with Tre Canne leaves a particular impression on observers. Just a look at the highest and most modern building in Budva leaves a stately impression - a unique and luxurious suite complex consisted of three beautiful glass towers.
